Anty Drudge Tells How to Economize on Coal.

Mrs. Thrifty-"My husband is in the coal business and it doesn't cost anything for fuel to boil the clothes."

Anty Drudge-"Your husband doesn't get his coal for nothing, does he? Besides it costs just half the wear of your clothes when you boil them, as they wear out just twice as fast. Use Fels-Naptha soap in cool or lukewarm water if you want to save time, bother and your husband's coal."

John D. Rockefeller says "it is not what we earn but what we save that makes wealth."

In washing clothes with Fels-Naptha in cool or lukewarm water, either in summer or winter, you save:-

Fuel-No necessity for hot fire or boiling water.

Clothes-Your clothes last twice as long when washed with Fels-Naptha, because they are not weakened by boiling, nor worn out by hard rubbing.

Doctor's Bills-You don't risk your health by bending over steaming suds or a hot fire and then going into the cool outer air.

Time-The Fels-Naptha way of washing takes less than half as long as the old washboiler way.

Labor-Fels-Naptha takes threefourths the work and all the drudgery out of washday.

If these savings are worth while to you, follow directions for using Fels-Naptha printed on the red and green wrapper.
